Speaking Topics

Escape Pitch Deck Hell

For many reasons startup founders, find themselves endlessly stuck pitching for money, in what I call Pitch Deck Hell. In this topic I talk about how to get out of hell.

The Money Monkey

The adage that “it takes money to make money” makes it feel like you have a Money Monkey hanging on your back. In this topic, I help founders, tame the Money Monkey by building the relationships to create social capital that can be accessed like a bank to propel your business.

The LEAN Canvas’ Secret Dimension

Not in the Tools or Tactics that Silicon Valley promotes, nor on the praiseworthy LEAN business canvas; but there are two secret dimensions: Skills and Strategy; and Focus and Follow-thru that every entrepreneur needs to build their business– and they are free.

Bio

From corporate executive, to a battle scarred entrepreneur, broke angel and yet the millionaire next door.

MBA Pepperdine University. BS Biological Sciences. Peer-review author and patented in social network analytics. Speaker. Moderator. Podcast Host. Billiards. Woodworker. Gardener.
