The Silver Miracle:

Why Silver is The Greatest Tool For Restoring & Protecting Health Discovered By Science

By Dr. Gordon Pedersen

How Healing an African Village's Children from Malaria Led to a Remarkable Solution for Eradicating Harmful Bacteria, Virus, Yeast and Parasites in You and Your Children's Bodies

Dear:

When **Dr. Gordon Pedersen** learned of a village in Ghana that was losing an entire generation of children to malaria, he was convinced he had a solution. So, at his own expense, he flew there and treated 900 of them with a silver solution over five days. And indeed, every child treated with the silver was completely clear of the disease at the end of the week, as he reported in a leading medical journal. The reason he chose silver is that it has the ability to eradicate all harmful bacteria, virus, yeast and parasites in the body with astonishingly quick results.

Where once it was African children, today, he is changing the health of you and your children!

Dr. Pedersen, who learned medical innovation at the feet of the great Dr. Jonas Salk, as the polio vaccine inventor's only graduate intern, realized that the colloidal silver solution used in Ghana couldn't be used as a preventative, creating sustained health, not just treatment for illness.

Dr. Pedersen began to postulate that if silver could be delivered in structured water (with a silver molecule attached to every water molecule) it could be taken daily WITHOUT any side effects and be made alkaline. So he set out to make that a reality—for those African villagers and for everyone else!

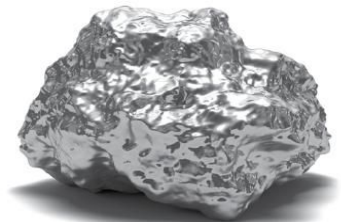

From women suffering from yeast, vaginal, urinary tract infections, to cold and flu victims to people steeped in mold from natural disasters, and people just wanting to stay healthy and stave off disease, Dr. Pedersen's Structured Silver Liquid is having a massive impact.

In ***The Silver Miracle, Why Silver is The Greatest Tool For Restoring & Protecting Health Ever Discovered By Science***, Dr. Pedersen's illuminating book on silver as a health treatment, he shows how structured silver has a direct impact on women's health issues, respiratory system, cardiovascular health, digestive system, urinary system, immunity and skin. It's also a great preventative for travelers against ingestible and airborne invaders. ***The Silver Miracle*** provides suggested ways to address 40 common ailments and conditions. Structured Silver Liquid has also had significant impact for animals.

Silver has been known throughout history as a curative, but modern medicine has made antibiotics and other drugs the primary medicinal response. But in today's world, with antibiotics being outfoxed by morphing bacteria, rendering them ineffective and allowing the rise of such strains as MRSA, silver is the perfect non-toxic, completely safe solution that has thousands of applications. Structured silver water destroys bacteria that include streptococcus, staph, bubonic plague, MRSA, e. coli, salmonella, syphilis, gonorrhea and all the pathogens—including the drug-resistant "superbug" *Candida auris* (*C. Auris*) -- that cause many of the world's most difficult-to-eradicate diseases and conditions.

ESSENCE OF WELLNESS

THE SILVER MIRACLE

Why Silver is The Greatest Tool For
Restoring and Protecting Health
Ever Discovered By Science

DR. GORDON PEDERSEN, PH.D.

That's one of things that Dr. Pedersen finds most satisfying...the people who have been to dozens of doctors, tried just about everything and suffered for years, who are reporting "Miracle Results"—hence the book's title. But Structured Silver also provides a bulwark against disease by preventing such devious little pathogens from getting entrenched. Used as a topical treatment, even skin conditions are radically improved—including bug bites!

Dr. Pedersen's quest for solutions is visible in his drive to educate himself—*with five doctors' degrees!* — and a Masters in Cardiac Rehabilitation and Wellness. He is also board certified in Anti-Aging and Regenerative Medicine. Much of his life has been spent in combining research and private practice. He was also a co-author of *Chicken Soup for the Enriched Soul*. Today, he works exclusively to spread the word about silver, helping people recover and sustain their health. Dr Pedersen has spent countless hours reviewing silver information, is a Distinguished Speaker for

Special Operations Medical Association (SOMA) and has worked with several national and international governmental organizations on the topic of silver.

Dr. Pedersen is a man who is relentless in his search for solutions...demonstrated in his own personal miracle story. After an accident that caused paralysis from the chest down, he pushed himself in rehab, with his rehab team suggesting that a faster route to recovery would include ice skating. Inspired by the speed skaters also training on the ice around him, he ultimately went on to win a Bronze Medal at the 2003 Utah Winter Games in speed skating at the age of 43!

Dr. Pedersen has not given up on his humanitarian commitment either. Last year, his non-profit Silver Health Institute provided silver-support to hundreds of families dealing with mold from the North Carolina hurricanes.

Dr. Pedersen can inform your listeners:

- How and why structured silver works to heal so many illnesses and diseases
- How it's changing the lives of women suffering from candida (yeast) and other female-specific chronic health problems
- How families are using this as a bulwark against colds, flu and everything children pick up at school
- How this is providing new hope to address the growing crisis of drug-resistant bacteria
- How structured silver is giving those who have tried everything the answer to alleviate their despair
- And more...

This is a man with a big mission, a big vision and a big heart.

If you would like to interview **Dr. Gordon Pedersen**, today called ***the world's leading authority on silver as a health tool***, please send an email with the name of the show, your contact information, a proposed date and time, and the calling details.
