

Brian Ludwig

Accountant, Financial Planner & Business Coach to Thousands of Clients

For the last 30 years, Brian has worked with individuals and small businesses to identify and develop solutions for a diverse range of financial, taxation, and business issues. Over the years, he has helped thousands of clients. With a diverse background including being a CPA tax accountant, a certified financial planner, a certified financial coach, a mortgage broker, and a business consultant along with his experiences of being involved in several businesses, Brian has a wealth of experience that he loves to share with his clients.

Your audience will always take away something from one of Brian's talks that they can use in their own situation. Whether it is gaining insight into a specific financial topic or just learning about Brian's experiences with his own entrepreneurial career and those of his numerous clients, Brian has a keen interest in helping and coaching clients through their financial problems.

BRIAN'S MOST POPULAR TOPICS:

Dealing with Specific Financial Issues

Whether it's a hot issue in the news today or a common issue facing many individuals and businesses, Brian will make sure the audience understands the issue and know what they can do after they leave.

Praise

Brian has been one of our best financial and business topic speaker always giving his audience value no matter what the topic is. He is a diverse and versatile speaker. He is not afraid to share his personal experiences, both good and bad for the benefit of the audience.

—Tim X., Business Coordinator, Regina Public Library
